

Mr Schiaccia Noci

Mr Nutcracker

The Mr SCHIACCIA NOCI brand collects the best selection of dried fruits, coming from all over the world. Whether they are almonds, pistachios, hazelnuts, pine nuts, dried figs, coconut, walnuts and more, whole, in grains or in powder, dried fruit is a must in many pastry recipes and also in ice cream and bread making. From dry biscuits to donuts, from nougat to crunchy, from ice creams to decorations on cakes and pies, dried fruit gives sweets an impeccable taste, not to mention that it is good for health as a source of important nutrients allies of our well-being including omega 6 and omega 3, fiber, minerals and vitamins. Choose, from our proposals, the dried fruit that best suits your recipe.
